SUMMARY

Frontend Developer and B.Tech IT student with hands-on experience in building clean, responsive, and user-friendly web interfaces using modern web technologies. Strong foundation in HTML, CSS, JavaScript, and React, with exposure to backend development and AI-powered web applications. Seeking frontend internship or entry-level opportunities to contribute to real-world products and grow as a developer.

EDUCATION

B.Tech in Information Technology - MBIT - 2023 – 2027

Higher Secondary Certificate - Jawahar Navodaya Vidyalaya - 2020 – 2022

Secondary School Certificate - Jawahar Navodaya Vidyalaya - 2020

SKILLS

Frontend: HTML, CSS, JavaScript, React

Backend: Node.js, Express.js, MongoDB

AI & Tools: Python (basic), AI APIs (basic), Git, GitHub

Soft Skills: Problem Solving, Communication, Team Collaboration

PROJECTS

Weather App — HTML, CSS, JavaScript

- Built a responsive weather application displaying real-time weather data using a public API.
- Implemented city-based search functionality and dynamic UI updates.
- Designed a clean, mobile-friendly interface following modern UI practices.

Personal Portfolio Website — HTML, CSS, JavaScript

- Designed and developed a professional personal portfolio to showcase projects and skills.
- Implemented smooth scrolling, responsive layout, and a working contact form.
- Focused on clean UI, accessibility, and performance.

AI-Powered Interview Practice Platform — React, JavaScript, OpenAI API, CSS

- Built an AI-powered interview practice web application using React that provides real-time, structured feedback on user answers.
- Implemented category-aware and difficulty-based question flow with adaptive difficulty adjustment based on recent performance.
- Integrated OpenAI API with strict JSON schema enforcement to generate reliable, question-specific feedback.
